ABOUT ME

Motivated and versatile fresher with a dual passion for Cloud Engineering and Front-End Development. In the realm of Cloud Engineering, equipped with a foundational understanding of cloud platforms such as AWS, Azure, and Google Cloud. On the Front-End Development front, proficient in HTML, CSS, and JavaScript, eager to contribute to building responsive and visually appealing web interfaces. With a strong foundation in both Cloud Engineering and Front-End Development, I am dedicated to embarking on a journey of growth, innovation, and impactful contributions within a collaborative team environment.

EDUCATION

Rashtrasant Tukadoji Maharaj University, Nagpur

Post Graduation Diploma in Cloud Technology
2021 – 2022

Rashtrasant Tukadoji Maharaj University, Nagpur

Bachelor of Science in Computer Science
2017 – 2021

SKILLS

- Strong organizational and time-management skills
- Exceptional communication and interpersonal skills
- Ability to work independently and as part of a team
- Detail-oriented and able to handle multiple tasks simultaneously

CERTIFICATIONS

- Azure Fundamentals
- Oracle Cloud Infrastructure Foundation
- Industry Relevant AWS Training Program
- DevOps Essentials-CI/CD over AWS Cloud Program
- Google Cloud Ready Facilitator Program
- Networking Essentials
- Multi Cloud Network Associated Course

MY SERVICES

AWS (Amazon Web Services)

- I possess a strong grasp of crafting and implementing scalable cloud solutions using various AWS services like EC2, S3, and Lambda.
- My knowledge also extends to DevOps principles and cloud security, and I'm eager to contribute my skills and enthusiasm to the field.
- AWS Services: EC2, S3, RDS, Lambda, API Gateway, VPC, IAM, CloudFormation, CloudWatch, etc.
- Specializations: Serverless Architecture, Infrastructure as Code (IaC), DevOps Automation.

Projects:

- Hosted a Dynamic Website on AWS named Biobook Website.
- Created server less web application named as Innovator "Island Theme Park Map" using AWS.

GCP (Google Cloud Platform)

- As an aspiring cloud enthusiast, I have foundational knowledge in Google Cloud Platform (GCP), showing a keen interest in services like Compute Engine, BigQuery, and Kubernetes.
- Excited to apply my learning to real-world scenarios and develop scalable solutions using GCP's innovative technologies.
- GCP Services: Google Cloud Storage, Compute Engine, Cloud IAM, Cloud BigQuery, Kubernetes Engine (GKE), Cloud Functions, Cloud Pub/Sub, App Engine, Cloud Console.

Program:

- Successfully completed the Google Cloud Arcade program, an interactive learning platform offered by Google Cloud.
- Engaged in hands-on exercises and challenges to gain practical experience with various Google Cloud Platform (GCP) services.
- Earned skill badge by successfully completing the Cloud Labs within the Google Cloud Arcade program.

VOLUNTEER

- Leading as Volunteer with Google Cloud Developer Group Nagpur at Present.

Front-End Developer

- Proficient in HTML5 and CSS3 for building structured and visually appealing web pages.
- Ability to implement user interface (UI) and user experience (UX) principles for user-friendly web interfaces.
- Basic understanding of design tools like Adobe XD and Figma to collaborate effectively with designers.
- Strong debugging and troubleshooting skills to identify and resolve front-end issues.
- Strong time management and organizational skills to meet project deadlines.
- Adaptability to learn and adapt to new technologies and tools quickly.
- Team player with the ability to contribute positively to group projects.

Thank you for considering my application. I look forward to the possibility of joining and contributing to its continued success.
